#### HOSTETTER'S STOMACH BITTERS.

It is a fact that, at some period, every mem-ber of the human family is subject to disease or disturbance of the bodily functions; but, with the aid of a good tonic and the exercise of plain common sense, they may be able so to regulate the system as to secure permanent health. In order to accomplish this desired elject, the true course to pursue is certainly that which will produce a natural state of things at the least hazard of vital strength and life. For this purpose, Dr. Hostetter has in-troduced to this country a preparation bearing his name, which is not a new medicine, but one that has been tried for years, giving satisfac-tion to all who have used it. The Bitters operate powerfully upon the stemach, bowels, and liver, restoring them to a healthy and vigorous action, and thus, by the simple process of strengthening nature, enable the system to triumph over disease.

For the cure of Dyspepsia, Indigestion, Nau-sea, Flatulency, Loss of Appetite, or any Bilious Complaints, arising from a morbid inaction of the Stomach or Howels, producing Cramps, Dysentery, Colic, Cholera Morbus, &c., these

Sitters have no equal. - Diarrhoa, dysentery or flux, so generally con-tracted by new settlers, and caused principally by the change of water and diet, will be speedily regulated by a brief use of this preparation. Dyspepsia, a disease which is probably more prevalent, in all its various forces, than any other, and the cause of which may always be attributed to derangements of the digestive organs, can be cured without fail by using HOSTETTER'S STOMACH BITTERS, as per directions on the bottle. For this disease every physician will recommend Bitters of some kind; then why not use an article known to be infallible? All nations have their Bitters, as a preventive of disease and strengthener of the system in general; and among them all there is not to be found a more healthy people than the Germans, from whom this preparation emanated, based upon scientific experiments which have tended to prove the value of this great

Preparation in the scale of medical science.

FEVER AND AGUE, - This trying and provoking disease, which fixes its relentless grasp on the body of man, reducing him to a mere shadow in a short time, and rendering him physically and mentally useless, can be driven from the body by the use of HOSTETTER'S RENOWNED BITTERS. Further, none of the above stated diseases can be contracted, even in exposed situations, if the Bitters are used as per directions. And as they neither create nausea nor offend the palate, and render unnecessary any change of diet or interruption of ordinary pursuits, but promote sound sleep and healthy digestion, the complaint is removed as speedily as is consistent with the pro-duction of a thorough and permanent cure.

For Persons in Advanced Years, who are suffering from an enfeebled constitution and infirm body, these Bitters are invaluable as a restorative of strength and vigor, and need only be tried to be appreciated. And to a mother while nursing these Bitters are indis-pensable, especially where the mother's nour-ishment is inadequate to the demands of the child, consequently her strength must yield, and here it is where a good tonic, such as Hostetter's Stomach Bitters, is needed to impart temporary strength and vigor to the system. Ladies should by all means try this remedy for all cases of debility, and, before so doing, should ask their physician, who, if he is acquainted with the virtue of the Bitters, will recommend their use in all cases of weakness.

CAUTION .- We caution the public against using any of the many imitations or counterfeits, but ask for Hostetter's Celebrated Stonach Bitters. and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic cap covering the cork, and observe that our autograph signature is on the label.

This celebrated proparation, like the Bitters, may be confidentially relied on. It is designed for a class of diseases more general and more fataltian any other to which the people of this country are subject—those springing from a "slight cold." That eminent nuthority, Dr. Bell, says: "I will not say that colds are to our invalidants what the Plague and Yellow From are to those of other countries; but I can aver confidently that they usher in disease of greater com-plicity and mortality than these latter."

A further proof of the terrible (attailty of diseases resulting from a "common color" may be seen by a glance at the following statistics, taken from the rec-urised the linere of Realth of Philadelphia, confess

BLOOD PURIFIER AND BLOOD PILLS.

DR. ROBACK'S

WHEN DR ROBACK, THE RENOWNED Swedish Physician, introduced his Blood Puri, ther and Blood Pills in the United States, he set forth in plain language their curative properties.—
This was years ago. The task of recommending them
has since been taken out of his hands. Enlightened
men, whose character for sound judgment and philosophy, gives their opinions weight in the community. men who observe, reflect and make "assurance doub-ly sure" before they decide are everywhere approving and urging the use of these wonderful preparations. All who confide in the wisdom and honesty of this

class, or who chose to investigate for themselves, are now of one mind on this important subject.

Dr. Roback invites the attention of the sick to the ORIGINAL LETTERS, from the members of the medical profession, editors of public journals, well known merchants and farm ers, and ladies of the highest respectability, giving-accounts of extraordinary cures wrought by the remcounts of extraordinary cures wrought by the remedies, of which cares they themselves were

EYE WITNESSES.

These parties may be consuited personally or by letter, by those who have any doubt upon the subject. The evidence in the possession of Dr. Roback, which is at all times accessible to the public, established.

lishes the following That the BLOOD PURIFIER and BLOOD PILLS have been proved by analysis to CONTAIN NO MINERAL;

That they care the almost universal complaint, DYSPEPSIA, with unserving certainty, and in a very short time .--

they relieve LIVER COMPLAINT, and restore the health and strength of the sufferer .- That

who have languished for years in helpless weakness and despondency, recuperate with almost miraculous rapidity under their invigorating operation. That all Sexual Disabilities are removed by their cordial and gently stimulating properties. That they recruit SHATTERED CONSTITUTIONS however they may have been trifled with and abused. That their direct tendency is to

LENGTHEN LIFE, and render it enjoyable. That operating directly upon the poison of disease in theblood, they CAUSE SOON TO HEAL, and discharge from the system every taint of Scrof ula, whether hereditary or otherwise. That they

RECRUIT THE DEBILITATED. and that there is no disease of the stomach or bowels, the liver, the norvousavstem, the skin, glands or muscles, in which they do not give prompt relief, and (if administered before the very citadel of life has been invaded) effect a paintess and perfect cure.

Bear in mind that the SCANDINAVIAN VEGE-

TABLE BLOOD PILLS are endorsed by the experience of thousands of living witnesses, who by letters and affidavits and medical works, and word of mouth proclaim them to be the very heat preparations of the kind ever offered to the broken down victims of illhealth. They hard disease through every avenue and organ of the system, and to expel it thoroughly and ermanently.

No one can doubt their superiority after one single trial—they are not only better, but in fact cheap-er, than any other Pills, for it takes a less number of them to produce a better effect.
Price of the Scandinavian Blood Purifier, \$1 per

hottle, or \$5 per half-dozen. Of-the Scandinavian Vegetable Blood Pills, 25c per hox, or 5 boxes for \$1. Rend Dr. Roback's Special Notices and certificates published in a conspicuous part of this paper from Dr. Roback's Medical Almanac and Family Advi-
